Three Types of Dogs

**Dog 1: St. Bernard**  
The St. Bernard breed is a massive dog that in early days were the livestock guardians dedicated to protecting herds. They are also well known for search and rescue activities in the European Alps.

**Dog 2: Terrier**  
Small terriers are always the center of attention. Known for fox hunting and abundance of energy, this dog can young they have floppy ears. Originating from do all kinds of neat party tricks. Balancing apple tends to Germany; these shepherds are working dogs used make the other dogs very jealous.

**Dog 3: German Shepherd**  
German Shepherds are big dogs, though when they have floppy ears. Originating from Germany; these shepherds are working dogs used originally for herding sheep.
